

## **REOPENING GUIDELINES**

We want to inform you of the adjustments we have made to keep everyone as safe as possible. Grace Fellowship Church is following the guidelines the government has laid out for us as best we can as stated below.

We are encouraging our elderly and those of you with concerning health conditions to remain home and continue to watch online. Please join us online if you've had the following symptoms:

- Fever over 100 degrees
- Cough or sore throat
- Shortness of breath
- Contact with anyone confirmed to have COVID-19 in the last 14 days

If you are planning to join us physically for a service, here are some guidelines we are implementing:

## **FACILITY CHANGES**

Sanitation will be an ongoing priority.

Fresh air is being drawn through the sanctuary while the church is open on Sundays.

Hand sanitizer and mask stations are located throughout the facility.

The Welcome Center Coffee time is suspended until further notice.

Ushers will be available inside the sanctuary to help you find available seating while maintaining reasonable social distancing.

## **SERVICE CHANGES**

We have suspended Sunday Morning Discipleship classes until further notice. The Youth Group has been moved to Sunday night. Wednesday night Bible Study has replaced the Sunday morning adult Discipleship Classes.

The Sanctuary has taped off areas to help with reasonable social distancing to provide reasonable distance between family units.

We will continue to provide high quality, worshipful online services at 10:15am for those that choose to join us via live stream.

Our services will still include corporate singing and preaching.

Nurseries and Children's Church (through 5 years old) are available during all three services. See more details about the Children's Ministry reopening below.

Masks are required whenever you are not sitting in the sanctuary pews. Masks are required for everyone 2 1/2 years old and up.
